But those green choices are made under the same destructive system that got us here — capitalism.

Capitalism tells us that buying "green stuff" is the solution to environmental problems.

# What is Ecosocialism?

## and why buying green won't save the planet

# A better world is possible

Together we can make it real. The Baton Rouge Democratic Socialists of America are building an ecosocialist movement. Your community needs you! Find out more at **brdsa.org/get-involved**

Capitalists put profit over everything else — even continued life on the planet.

Ecosocialism says we can't consume our way to a green future as individuals. We must come together as workers to change the systems that are killing us and the planet.

What does ecosocialism look like?
